# **PARTYMONIO**

ART&HERITAGE

A "FUEGO INTERNO" PROJECT

YOUTH EXCHANGE

---

# ABOUT THE PROJECT

Partymonio is a youth exchange in which cultural heritage from different countries converge in the same space, where they can talk about it through different perspectives and artistic techniques.

The project is divided into two main activities, the presentation by the participants of the cultural heritage of each country and an artistic workshop (one day dedicated to each country).

The main objective is the acquisition of new knowledge through dialogue and activities on the cultural heritage of different countries. Art will be used as a resource, allowing young people to experiment with different artistic techniques that they themselves will choose and be inspired by these learnings to create works that will later be shown in a final event that will serve as a showcase of what has emerged from this project.

4 participants and 1 team leader per country will meet for 10 days (including arrival and departure days) scheduled to take place in October 2023 in the ARTmósfera artistic residency, which is near Zaragoza, Spain to live this experience where heritage and art are the protagonists.
